

Actividad 2.1

Entornos – Eclipse -

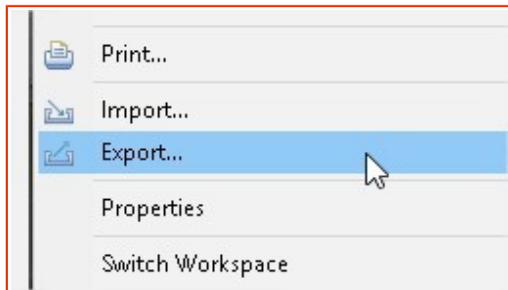

Práctica 2 – Primera parte -

1) Exportar proyecto.....	3
2) Importar proyecto. Opción 1.....	4
3) Importar proyecto. Opción 2.....	6

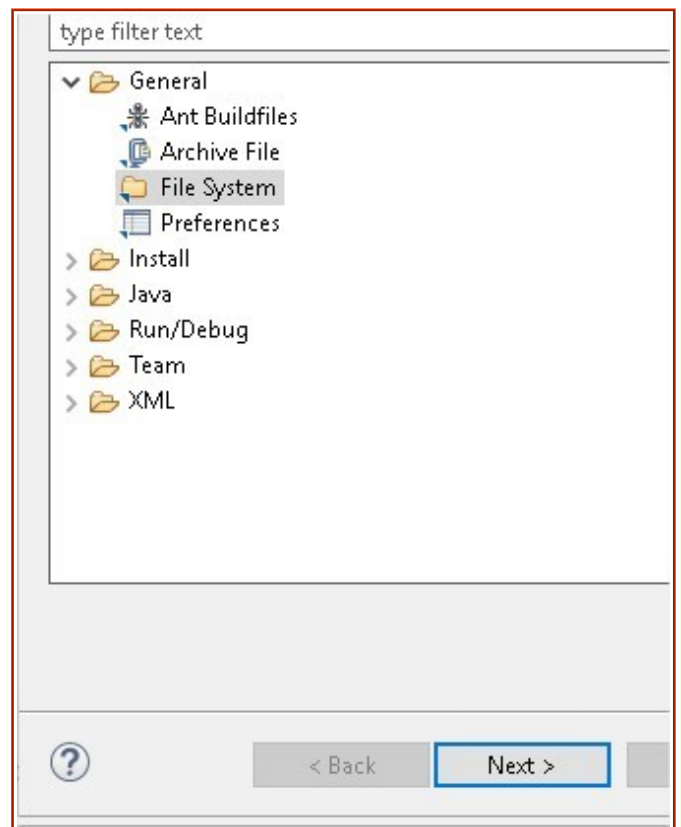

1) Exportar proyecto

Podemos exportar un proyecto para llevarlo a cualquier otro ordenador, para ello deberemos seguir los siguientes pasos:

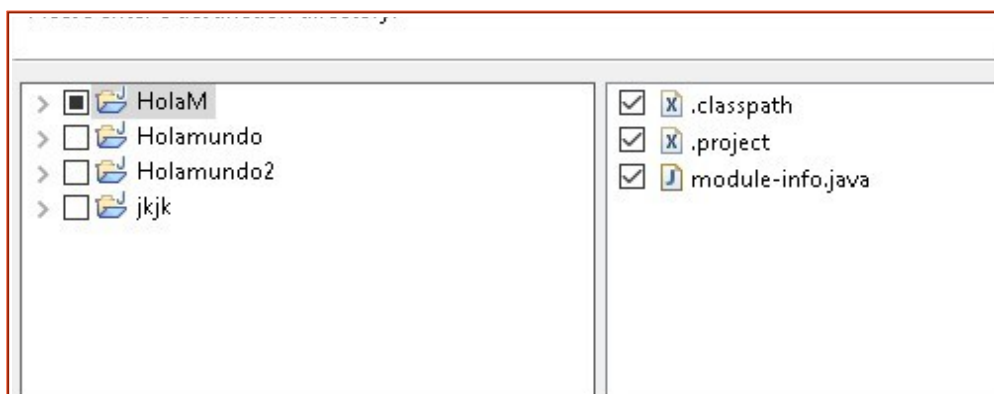

Desde “File” accedemos a la interfaz

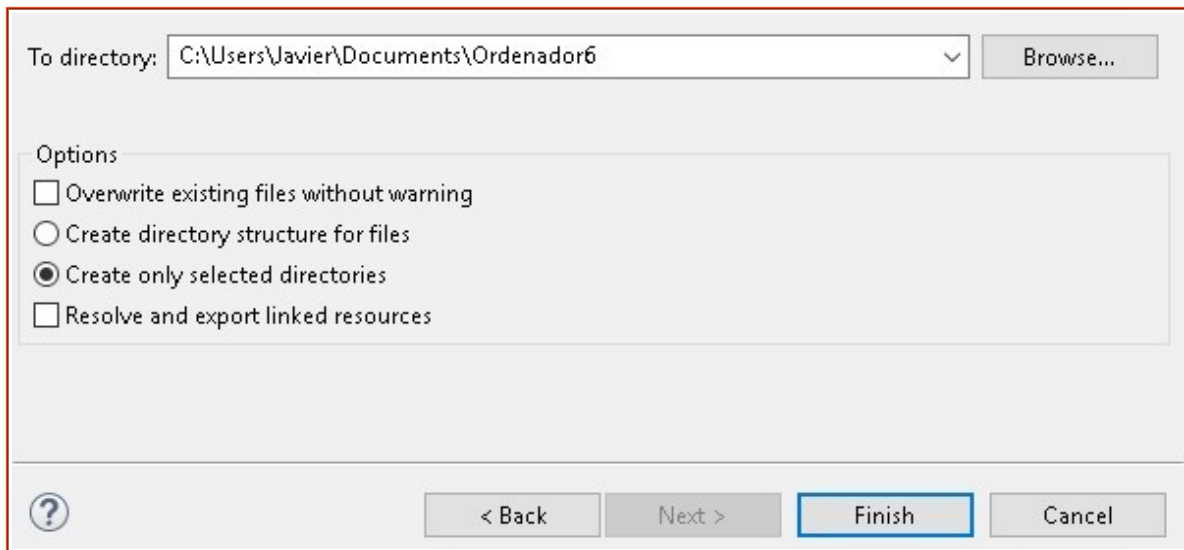

Seguimos la ruta

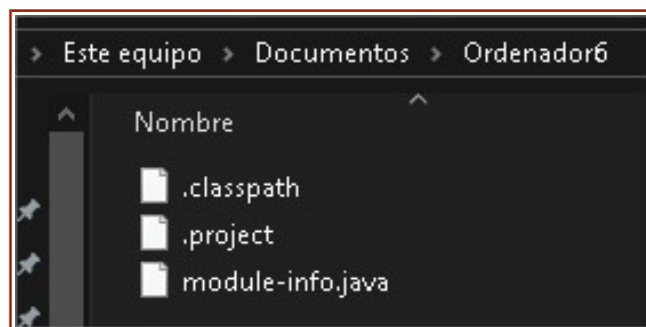

Seleccionamos el proyecto

Lo exportaremos en la carpeta llamada “Ordendor6” en Documentos

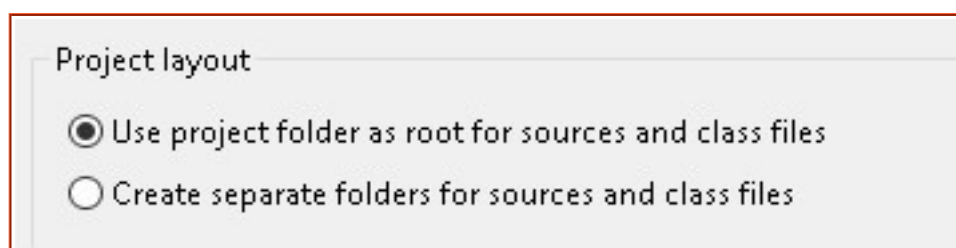

Se muestra el resultado --->

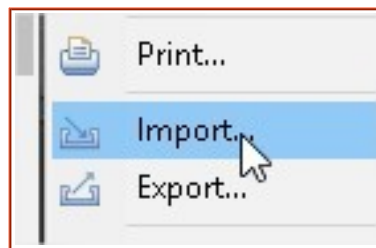

2) Importar proyecto. Opción 1

Si lo que deseamos es añadir a nuestro workspace un proyecto que nos hemos exportado previamente, los pasos a seguir serán los siguientes:

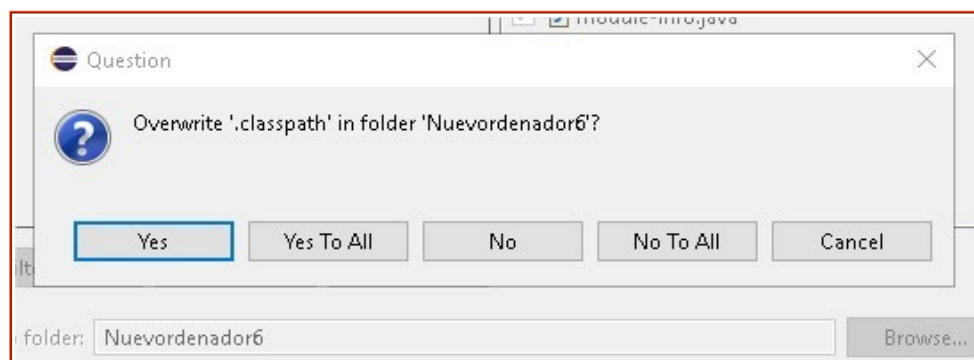

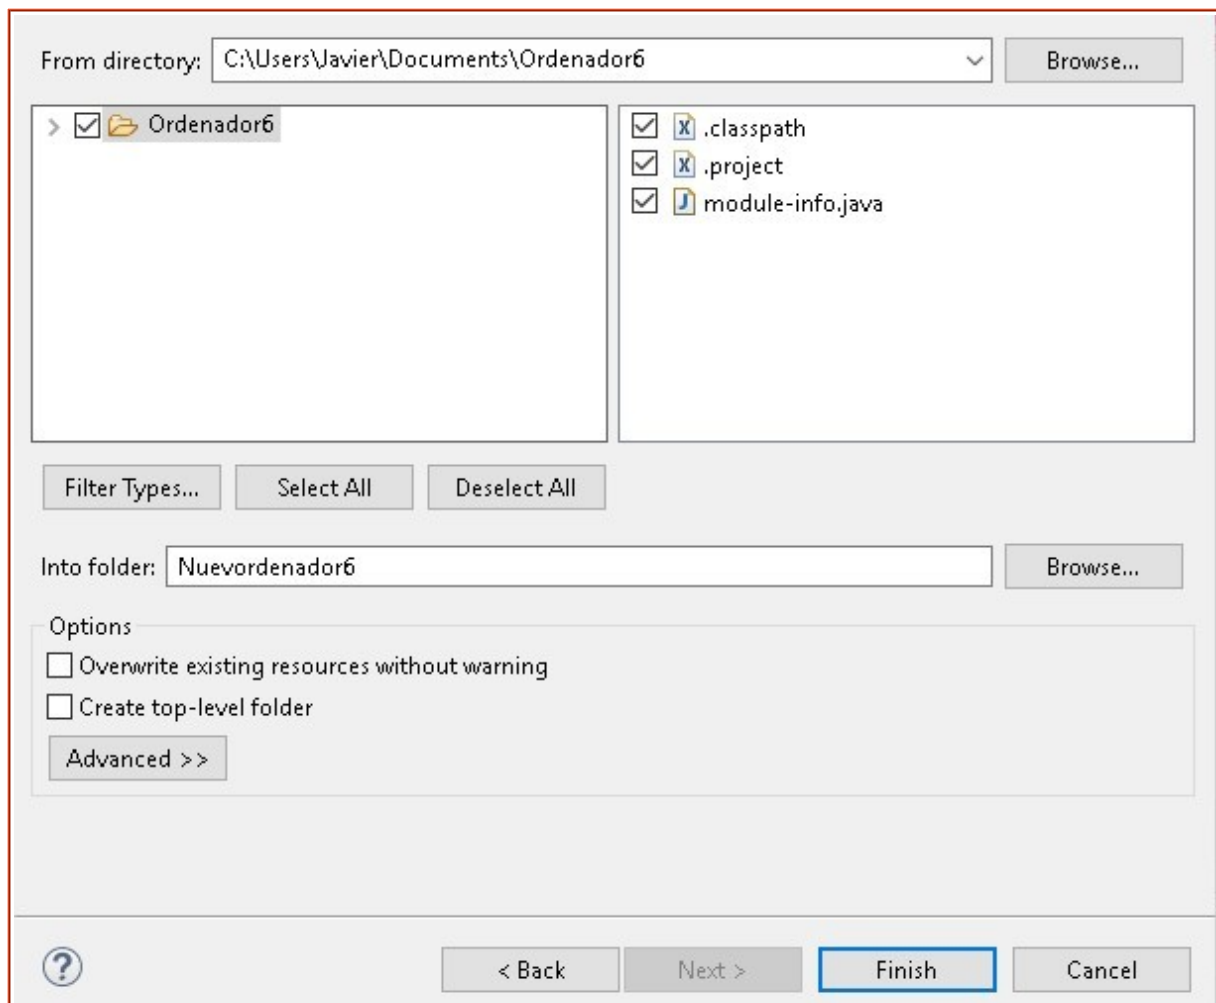

Evitamos que cree carpetas

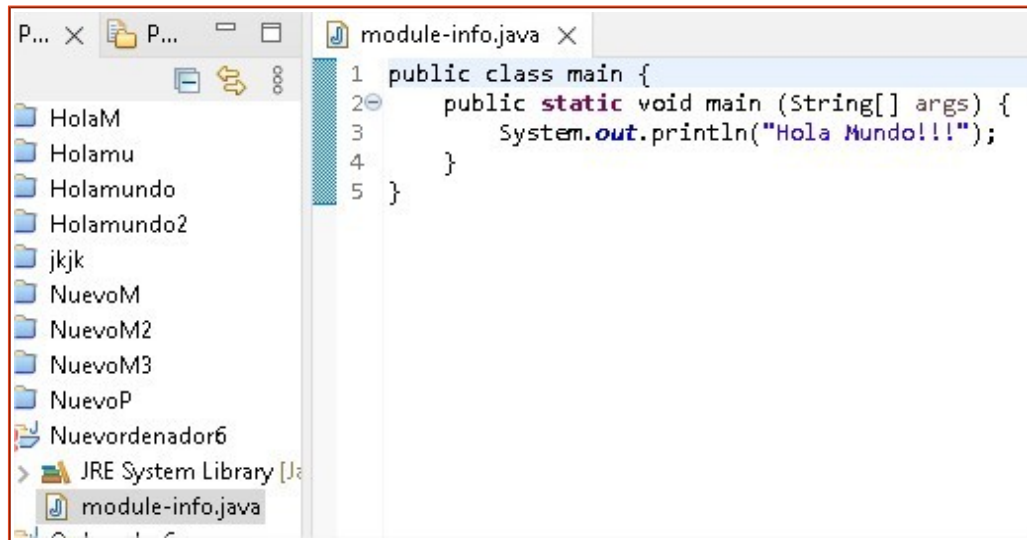

Seleccionamos importar

Se muestra la interfaz

Resultado final

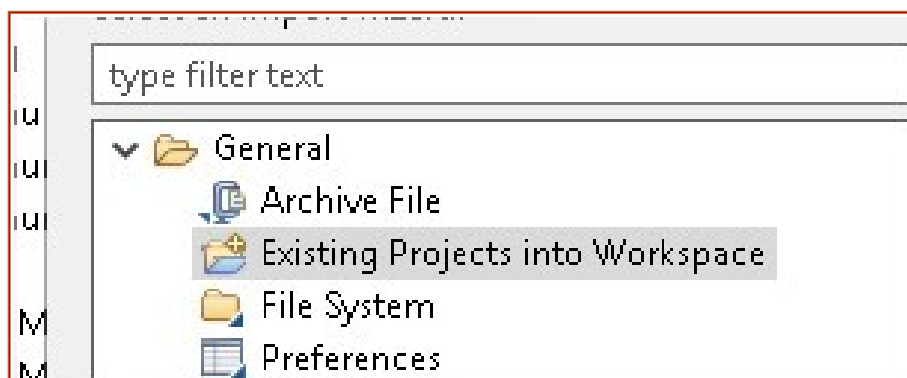

3) Importar proyecto. Opción 2

En este caso no necesitamos exportar previamente el proyecto, podemos simplemente ir a la ruta del workspace y copiar la carpeta completa del proyecto.

Una vez tenemos esta carpeta los pasos serían los siguientes:

Seleccionamos “Eisting Projects into Workspace”

Resultado final

The image shows a software import wizard dialog box with a light gray background and a red border. At the top, there are two radio buttons: "Select root directory:" (selected) and "Select archive file:". The "Select root directory:" option has a text field containing "C:\Users\Javier\Documents\Parte3imp" and a "Browse..." button. The "Select archive file:" option has an empty text field and a "Browse..." button. Below this is a section labeled "Projects:" containing a list box with one item: "Ordenador6 (C:\Users\Javier\Documents\Parte3imp\Ordenador6)". To the right of the list box are three buttons: "Select All", "Deselect All", and "Refresh". Below the "Projects:" section is a section labeled "Options" with four unchecked checkboxes: "Search for nested projects", "Copy projects into workspace", "Close newly imported projects upon completion", and "Hide projects that already exist in the workspace". Below the "Options" section is a section labeled "Working sets" with an unchecked checkbox "Add project to working sets" and a "New..." button. Below this is a "Working sets:" label followed by a dropdown menu and a "Select..." button. At the bottom of the dialog is a footer bar with a help icon (question mark in a circle) on the left and four buttons: "< Back", "Next >", "Finish" (highlighted with a blue border), and "Cancel".

☒ Select root directory: C:\Users\Javier\Documents\Parte3imp

☐ Select archive file:

Projects:

☒ Ordenador6 (C:\Users\Javier\Documents\Parte3imp\Ordenador6)

Options

☐ Search for nested projects

☐ Copy projects into workspace

☐ Close newly imported projects upon completion

☐ Hide projects that already exist in the workspace

Working sets

☐ Add project to working sets

Working sets:
